CHECK-IN

- The yacht was controlled by our technical manager before the check in.
- Each yacht was dove in the underwater region
- You'll get a prepared check list as well as an assumption and return minutes. We attach great importance to the fact at the assumption and return minutes which are signed of both partners.
- The different articles of equipment are presented in the salon.
- Please check the yacht thoroughly on your own.
- Examine the technical equipment and try them.
- You'll get a filled-up yacht from us.
- After you signed the check list and runned out, you are responsible for the yacht.

CHECK-OUT

- With your return, on Friday at the latest 18.00 you shouldn't forget to fill up the tank before you come back to the basis.
- After the setting on the Wimmer Yachting bar, you'll have to agree a date for the check out at the wimmer yachting-office!
- The articles should be presented in the salon.
- We ask you to support the Wimmer Yachting team by handing a list over with problems, but before the check. (failed light, logs, echolot, autopilot, sail damage, losses of articles)
- Also check out minutes are signed by both parties after complete return.

We request our charter guests to leave the yacht in good condition so the next crew can check in on time.

DAMAGE can happen to the most experienced skipper. Please contact the base immediately.
